

MISCELLANEOUS ISSUES AND INFORMATIONAL SECTION – (NARRATIVE)

Beyond showing further proof on a number of issues, part of the purpose of this section is to cover every reasonable aspect of this case, to also give the reader a complete as possible view of the case. The other part is to cover significant legal aspects that lawyers will understand best, and how and why they are really significant, while discussing it in layman's terms. This way anyone should be able to understand these issue's importance. The last part is to continue showing the pattern of Misconduct, and Judicial Corruption.

(Later on, there may be addendums added to this section, as new aspects, that can be properly proven come together, especially if the C.T. Records are finally received in whole by the defendant.)

There were a few key rulings that blocked Anderson's lawyer from putting on an effective defense. Such as, there was no severance, yet codefendant's lawyer said and did as act 2nd and 3rd prosecutor. This allowed a Non Capital/Death Penalty case of codefendant picking out Anderson's jury and desired jury persons, struck from jury, that defense felt could have been favorable towards Anderson. In the second day of jury selection codefendant Handshoe became a State's witness in full view of the jury. No new Voir Dire, no Mistrial, not even a continuance was allowed. Although the state and Court Rules require the state to hand over all evidence including the witness list, thirty (30) days prior to trial. At this time, most who have read this realize the purpose for this by the D.A was to keep defense unaware or have time to figure out what Handshoe would be testifying to. There are false stories (Perjury) and contradictions This is also the reason why D.A did a massive "Discovery Dump" just before the trial. He held back 2 to 3 reports at least that were exculpatory. Brady Violation still exist. Never received at least 2 known reports.

I will shine light on some of these issues quickly and might not always use verbatim quotes, but use summary dialog. Transcript numbers will be listed and along with this legal declaration of Anderson's wrongful conviction, this way anyone can double check for themselves.

Many of these type of issues are done to thousands and become wrongfully convicted as well. This section will jump around to new topics in nearly every following segment. Each will be given a title name and brief explanation as well.

One last note, there will be other types of documentation used in this section. When it is divulged it will give explanation as to where the documentation is from.
